

Not finding the right label or sign for your application?

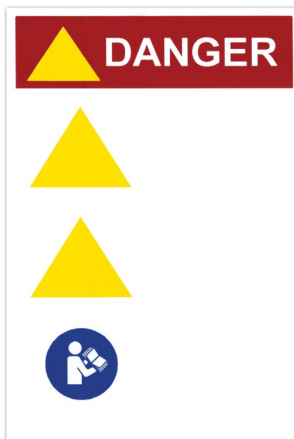

We Make Custom Multi-Colored Labels in Rolls Up to 9" Wide For You!

What do you need?

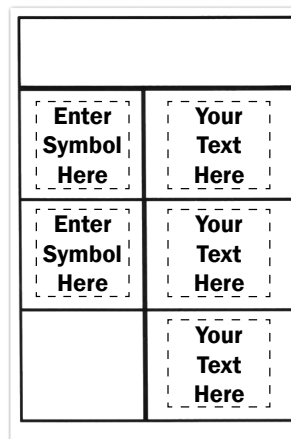

Send us a sketch* and we'll produce highly durable vinyl rolls with your custom design. A template will also be provided, at no extra charge, to customize your safety message from your own PC.

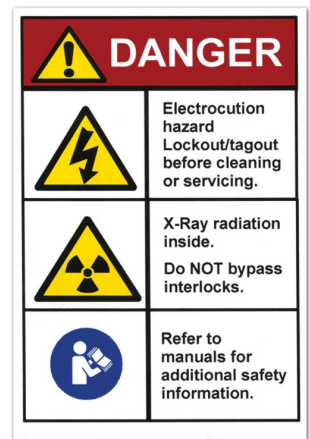

Your idea

We create multi-color blanks

We create your template

Finished label from your DuraLabel Printer

Improve your facility's safety and efficiency with labels that are custom made to meet your needs. Work with us to create ideal multi-color labels & signs. We'll create the template and you add your message. There's no extra charge for the design-work or template and your DuraLabel printer will deliver it as you want it, ready to apply. This custom product comes in 1" to 9" widths and in your choice of up to 4 spot colors. The topcoat of the vinyl provides excellent durability and is ideal for clearly printing specific label and sign information with your DuraLabel printer.

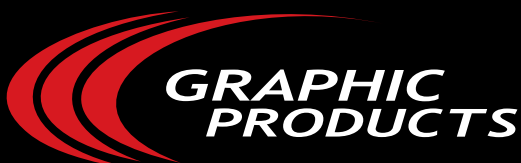

Depending on our supply inventory, you should receive your custom order within seven business days; follow-up orders for the same design, within five business days.

**Some designs may need to be modified, please call for details.*

This service is available for the DuraLabel PRO, 300, 7000 & 9000
