LED LINE & SIGN PROJECTORS

DuraLabel
PATHFINDER
FLOOR MARKING & WAYFINDING

Indestructible floor marking for harsh or changing environments

Provide clear, durable floor marking that won't chip, fade, tear, or lift in areas with extremely heavy traffic, where even the toughest tape or paint cannot hold up. No floor prep time or halted production.

PRODUCT DESCRIPTION

- **Durable communication:** Instant floor marking for high-traffic, cold storage, damaged, uneven, wet, and other harsh environments.
- **Simple installation:** Mount device, adjust projection and plug into standard 110V outlet.
- **Zero floor Prep:** No cleaning, scraping or leveling needed.
- **Low-maintenance safety:** Built to survive industrial environments and no moving parts
